

**ORC Water Professionals  
 Operations Report  
 February 2018  
 Prepared by:  
 Ashley Straub - Operator**

**Hi-Land Acres Water and Sanitation District**

**North Well**

- North well is fully operational.
- DPC has picked up the unused chlorine cannisters. The last cannister is slowly diminishing.
- The motor was pulled by Boulder Water Well on 2-28 and determined that it has shorted out. However, since that pump was replaced in 2016 it is still under warranty. The labor warranty expired last year. They are estimating the maintenance and miscellaneous will cost upwards of 6500\$. Waiting on board approval to call them back and giving them the go ahead to fix it.

**WTP & Distribution System**

- The meter readings were sent to AMCOBI on 3-1-2018.
- Leak Listing:
